CAREER OBJECTIVE

Highly motivated final-year B.Tech IT student with strong skills in **Power BI, SQL, Excel, and Python for data analysis**. Passionate about transforming raw data into meaningful insights through dashboards, reports, and analytics. Seeking a **Data Analyst Internship** to apply analytical abilities, enhance domain knowledge, and contribute to real-world data-driven decision making.

EDUCATION

B.Tech – Information Technology ,Silver Oak University | 2022–2026 (Expected) | CGPA: 9.6/10
12th – P.G Junior College, Bordi (Maharashtra Board) | 2022 | 62%
10th – Jadi Rana High School (Maharashtra Board) | 2020 | 82.20%

TECHNICAL SKILLS

Data Analysis & BI Tools

- Power BI (Reports, Dashboards, DAX Basics, Data Modeling)
- Excel (Pivot Tables, Charts, Slicers, Data Cleaning)

Programming & Databases

- SQL (Joins, Aggregations, Subqueries, Window Functions – Intermediate)
- Python (Pandas, NumPy, Matplotlib, Seaborn – Beginner to Intermediate)

Other Skills

- Data Cleaning & Preprocessing
- Exploratory Data Analysis (EDA)
- Data Visualization & Storytelling

PROJECTS

Sales Performance Dashboard (Excel)

Designed an interactive dashboard to analyze revenue, customer metrics, product performance, and trends.
Key Skills: Excel, Pivot Tables, Charts, Slicers | [Link](#)

Superstore Sales Dashboard (Power BI)

Created a dynamic Power BI dashboard to analyze sales, profits, customer segments, and KPIs using DAX and slicers.
Skills: Power BI, DAX (Basic), Data Modeling | [Link](#)

COVID-19 Data Analysis (Python)

Performed EDA on global COVID-19 data including trend analysis, correlation insights, and time-series visualizations.
Tools: Python, Pandas, Matplotlib, Seaborn | [Link](#)

Online Book Store Database (PostgreSQL)

Built a relational database and performed data analysis using SQL joins and aggregates.
Analyzed revenue, top-selling books, and customer orders using PostgreSQL | [Link](#)

CERTIFICATIONS

- Data Analytics using Python – IBM SkillsBuild (CSRBOX) – Jan 2025
- AI+ Developer™ – AICerts – Mar 2025
- AI+ Prompt Engineer – Level 1™ – AICerts – Mar 2025
- Data Science using Python & Power BI Workshop – Silver Oak University – Aug 2024
- Deakin Global Job Readiness Program – Skill India Digital Hub – Jul 2024
